H **Ex. 6 PP / Ex. 7(C)**

We got report from the NRC (attached) that claims some questionable disposal practices are taking place at a pork processing facility. Also there are some asbestos claims that raised a red flag for us. I have attached the report for you to look at. Not sure if this is in your wheelhouse, but figured you should take a look for yourself. Please let me know if you need any more information and I will try to get it for you.
